

What are we promoting/selling?

We are offering our expertise.
We are selling plant automation process system solutions!

WISSEN ZENTRUM TECHNOLOGY

Creating the world's most successful customers through the engineering of control and information systems

**Rockwell
Automation**

SIEMENS

WISSEN ZENTRUM TECHNOLOGY

The technology is ready! Expertized on AB, SIEMENS, Schneider-Electric & ABB

Selective on the application/project based upon:

- Customer needs
- Competitor offering/customer preferences
- Project delivery cycle
- Scope of project
- Application

WISSEN ZENTRUM TECHNOLOGYTM

Technology Control System

Knowledgeable & Experienced Technical Team: Ready with following Product Line

MIS/MES: Enterprise Resource Planning

- Production-Planning, Reporting & Data Base Management
- Production Tracking
- Material & Stock Management
- Supply Chain Management
- Warehouse & Transport Management
- Production Cost Analysis
- Integration with ERP/SAP
- Oracle / MySQL Database

Vertical Market Solutions

- High End Control Systems
- Independent and CLOUD based solution
- Innovative Tailored Made Technology
- Reports & Analysis via EMAIL, SMS, Mobile App Gateway
- Tailored Made “APPS” gives you “AnyWhere” access

Automation (Level-1 & SCADA-HMI) & Instrumentation

PLC & SCADA-HMI System:

- ✓ Siemens
- ✓ ABB
- ✓ Schneider-Electric
- ✓ Rockwell Automation

Instrumentations:

- Emerson
- Honeywell
- Yokogawa

PANELS: VFD/ PCC / MCC/ Switchgear

- Siemens
- ABB
- Schneider-Electric

Capability to offer all range of

- a. Fabrication , LV & MV Switchgear Panels within quality, cost, On-Time Delivery and safety
- b. RITTAL MAKE PLC Panels
- c. VFD Drive Panels

Design-Engineering & Implementation

Knowledgeable & Experienced Technical Team

- ✓ Reduce installation and start-up time
- ✓ Increase customer ownership / knowledge
- ✓ Provide high level of customer confidence in the control system
- ✓ Enables expedited production levels
- ✓ Verify design integrity

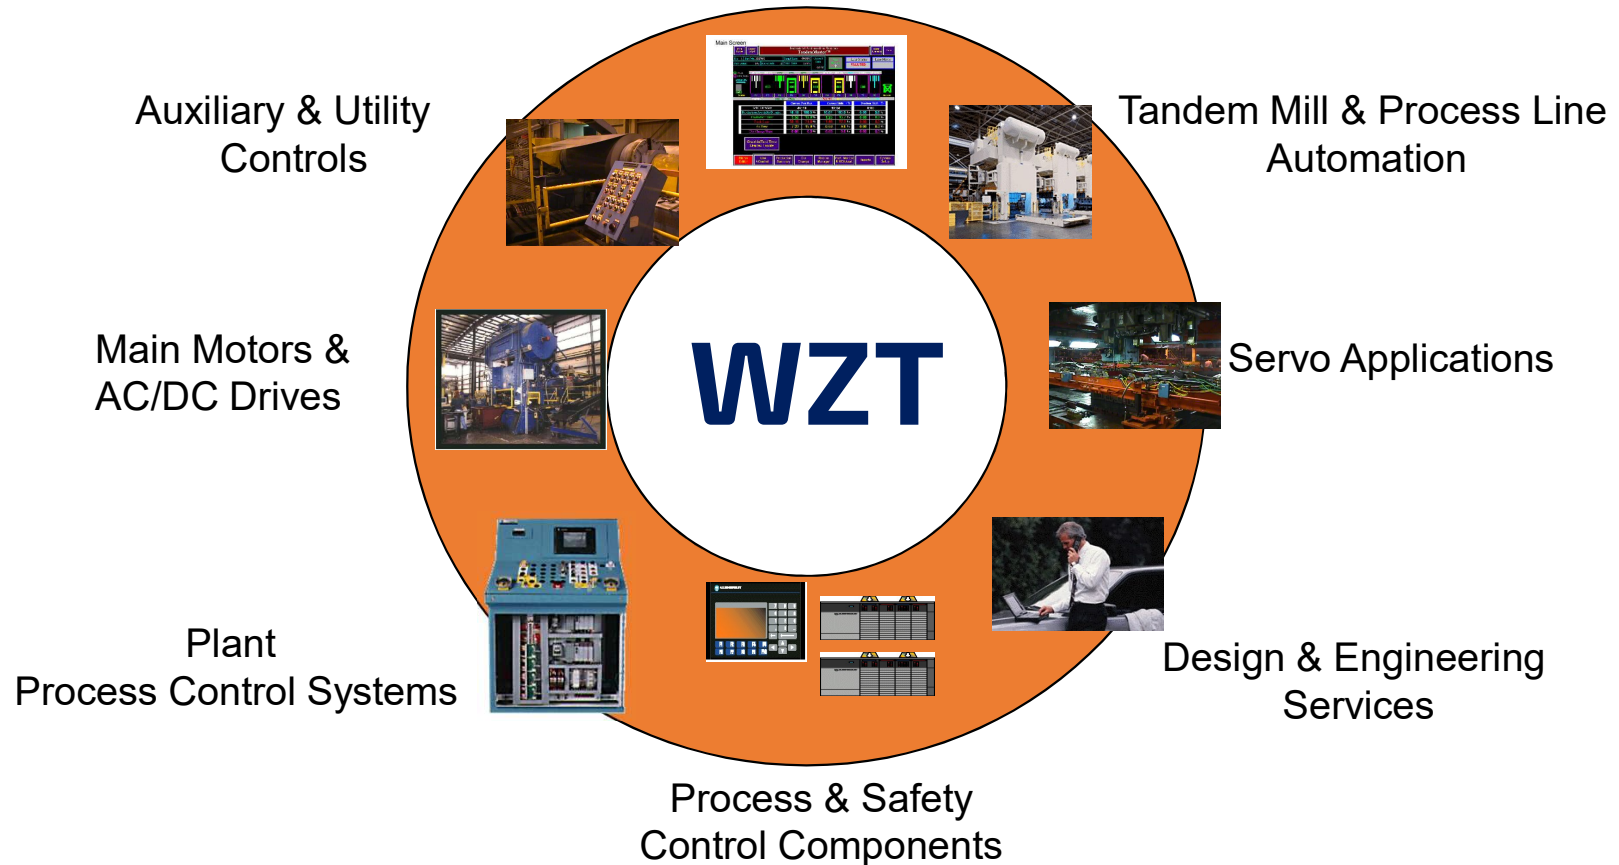

WISSEN ZENTRUM TECHNOLOGYTM

Technology Control System

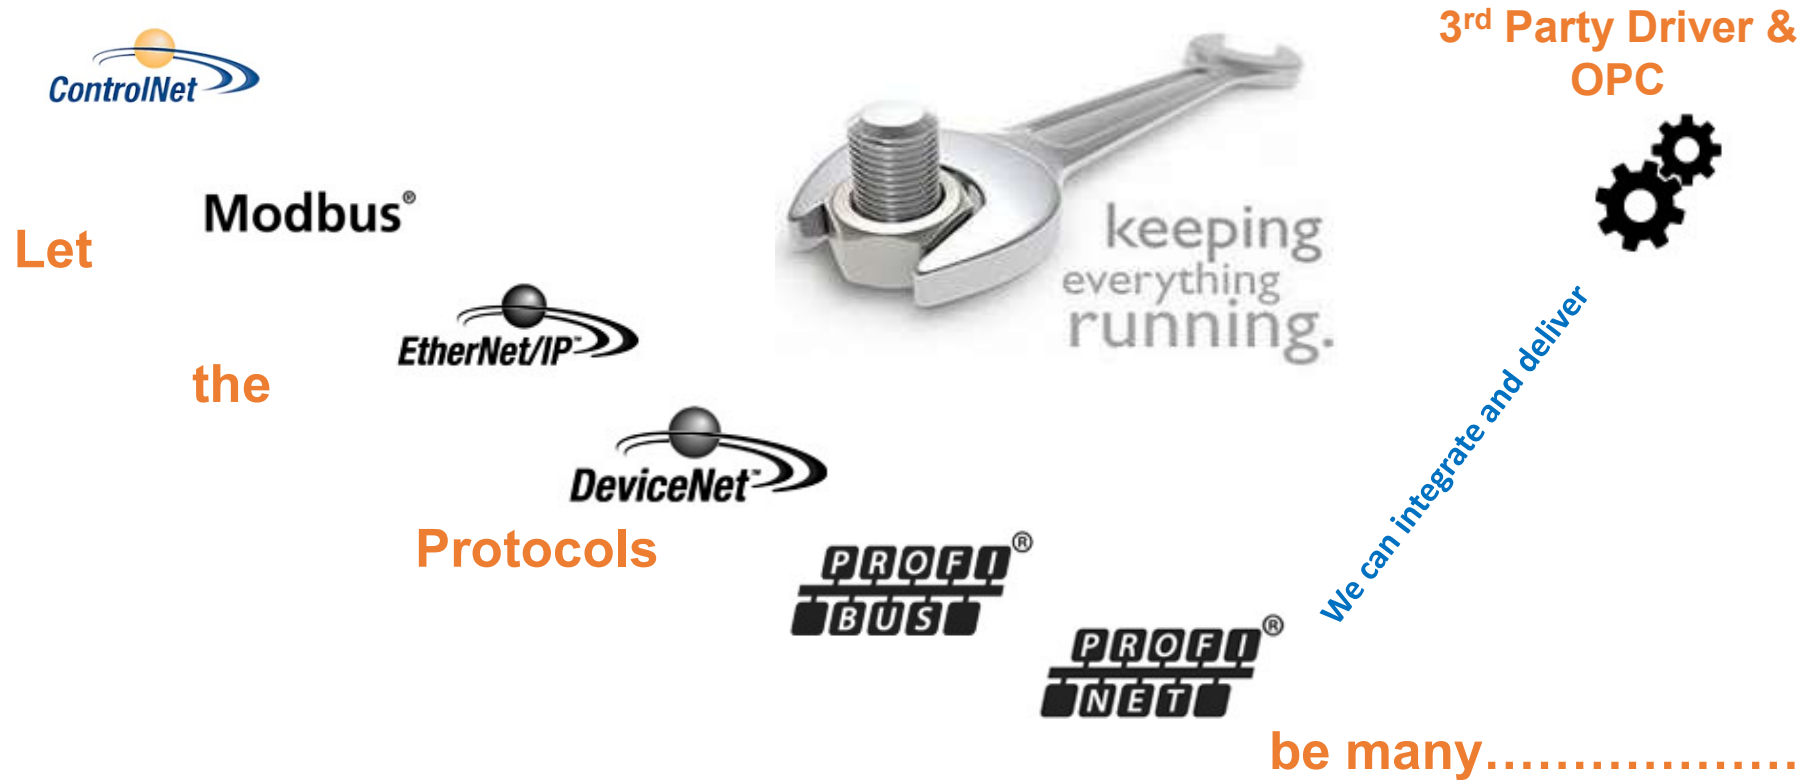

MIS/MES-Supervisory & Information Systems
Scalable & Add-On Process Solution

3rd Party Interfacing and Communication

As “Wissen Zentrum Technology” is a multiplatform operator. We addresses the interfacing needs of the customers. In any organization, retrofit in every aspect of engineering is a challenge and this becomes manifold when it is in Automation.

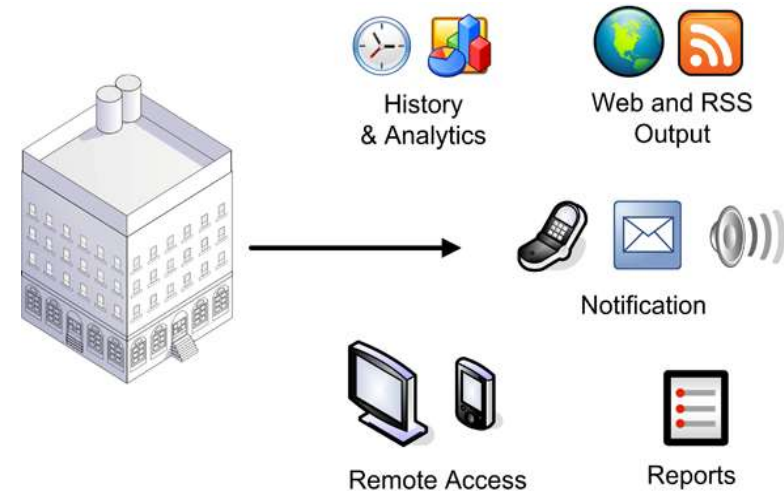

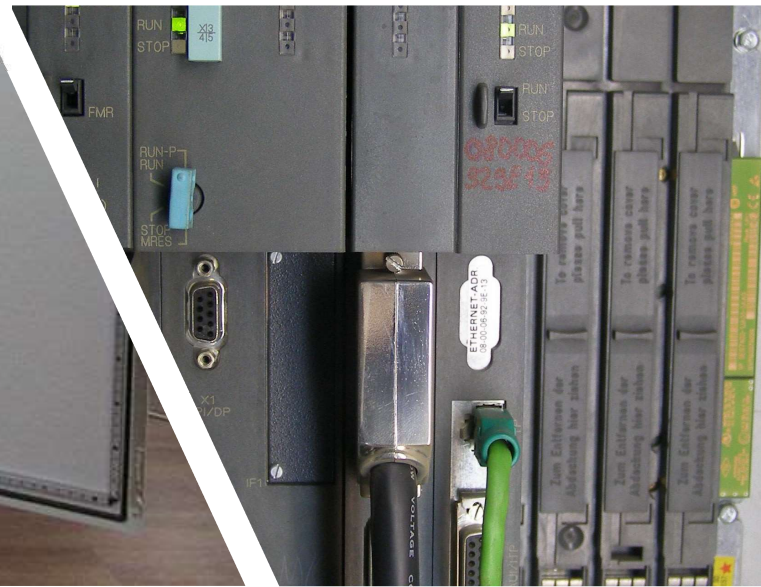

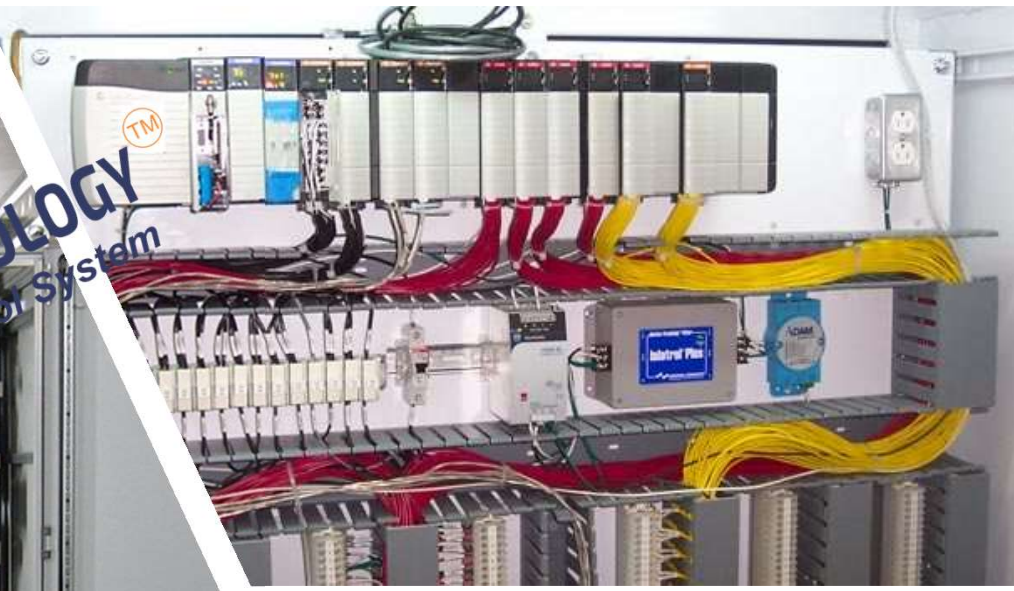

The type of work we do

At Integration Level

- *Integration with Level-2 System*
- *Level-3: MES/MIS System and Communication with Plant wide ERP/SAP*
- *Cloud Computing: Server, Database, Application, Backup,*
- *Maintenance*
 - *Preventive, Conditional, Predictive*
- *E-Reporting: Mobile App,*
- *SMS and E-mail Alert & Reporting,*
